## I. INTRODUCTION

On May 15, 1995, pursuant to G.L. c. 164 App., §§ 2-1 through 2-10 and 220 C.M.R. §§ 7.00 et seq., Eastern Edison Company ("EECo" or "Company") filed with the Department of Public Utilities ("Department") a petition for approval by the Department of the Company's proposed surcharge of \$0.15 per monthly bill for the residential energy conservation service ("ECS") program for the fiscal year July 1, 1995 through June 30, 1996 ("FY 1996").<sup>1</sup> EECo is a member utility of Mass-Save, Inc. ("MSI") which provides ECS to the Company's customers on behalf of EECo. The petition was docketed as D.P.U. 95-46-E.

Pursuant to notice duly issued, a hearing was held at the offices of the Department on June 2, 1995. No petitions for leave to intervene were filed. In support of its petition, the Company sponsored the testimony of one witness: Arlene Fleming, rate analyst at EUA Service Corporation.<sup>2</sup> The Company submitted two exhibits, responded to one Department record request and the Department submitted one exhibit, all of which were admitted into evidence.

<sup>1</sup> The ECS surcharge for FY 1996 of \$0.13 per monthly bill as proposed in its May 15, 1995 filing (Exh. EE-1, at sch. A) was subsequently revised on June 2, 1995 to \$0.15 per monthly bill (Exh. EE-2, at sch. A).

<sup>2</sup> EUA Service Corporation provides management services to EECo, including the development and filing of the Company's annual ECS surcharge proposal (Exh. EE-1, at i).

## II. ECS SURCHARGE

The ECS surcharge is calculated by dividing the total number of bills expected to be rendered during FY 1996 by the net amount to be collected (Exh. EE-2). The Company indicated that its share of MSI's proposed FY 1996 ECS program budget, approved by the Department in Mass-Save, Inc., D.P.U. 95-46 (1995), is \$325,660.00 (id.). In addition to the projected ECS program expenditures, the Company provided documentation which reconciled undercollections and overcollections from prior fiscal years (id.). The effect of these reconciling items is an overcollection of \$41,072.45 for the fiscal year July 1, 1994 through June 30, 1995 ("FY 1995"), and an undercollection of \$51,444.47 for prior fiscal years (id.). The result is a net amount projected to be collected in FY 1996 of \$336,032.02 (id.).

For FY 1996, the Company proposed an ECS surcharge of \$0.15 per bill per month (Exh. EE-2, sch. A). The Department notes that the proposed ECS surcharge is \$0.01 per bill less than the ECS surcharge of \$0.16 per bill per month approved by the Department in Eastern Edison Company, D.P.U. 94-81-L (1994) for FY 1995.

## III. FINDINGS

Based on the foregoing, the Department finds:

1. that the proposed FY 1996 ECS program budget, budget reconciliations, and proposed FY 1996 surcharge, are reasonable; and
2. that the ECS surcharge to be applied to Company bills during the fiscal year July 1, 1995 through June 30, 1996 shall be \$0.15 per bill per month.

IV. ORDER

Accordingly, after due notice, hearing, and consideration, it is

ORDERED: That the ECS surcharge to be applied to Eastern Edison Company bills during the fiscal year July 1, 1995 through June 30, 1996 shall be \$0.15 per bill per month; and it is

FURTHER ORDERED: That Eastern Edison Company shall be required to file for an adjustment to its ECS surcharge in the event that it is overcollecting by more than ten percent at the end of the third quarter of FY 1996.

By Order of the Department,
